

DEATH IN HIS LIE.

been provided. Mr. Stoddard has not yet returned to give a positive opinion on the question.

MYSTERY OF MRS. VAN NORDEN.

Made More Puzzling Than Ever by a Strange Woman's Statements.

The mystery surrounding the disappearance of Mrs. Harriet Van Norden, who was a guest at the Hotel Royal, with the \$10,000 worth of diamonds and a large sum of money, is made more puzzling than ever by the statements of a woman who claims to be the woman who was with her at the time of the disappearance.

To Fix Telephone Rates.

Board of Trade Prepares a Bill to Be Introduced at Albany.

The Board of Trade and Transportation has prepared a bill which will soon be introduced in the Legislature fixing the limits of the rentals which shall be charged by the telephone companies within the State for the use of their instruments.

The proposals of this measure say that the present charges are exorbitant, and that the company in this city has received advanced rental rates from \$150 to \$240 a year, without giving any reason for the increase.

They say that in other large cities, especially those in the old world, the rentals are very much lower than in New York, and range from \$40 to \$100 a year. They think the annual charge in New York should not exceed \$100, and say that \$25 would be ample to enable the company to make money.

At the offices of the Metropolitan Telephone Company the secretary advised that there had been no advance in rentals.

He said that the company had a list of 100 subscribers, who have the ordinary rate of \$100 a year. When a subscriber wants a new instrument, he is charged \$20 a year, and the company charges him \$20 a year for the use of the instrument.

At the present time they are charging only \$25 a year for instruments put in private homes, and \$100 a year for instruments put in business places.

It is thought that the bill will be introduced in the Legislature at Albany.
